Owner Comments:

Approved in 2001 by the German Holsteiner Verband, **Hunter** completed his 30-day performance test with the following excellent scores in April 2002: Character 8, Temperament 8, Willingness to Work 8, Jumping Form 8, Jumping Potential 8.5, Walk 8, Trot 7, Canter 9. At his 70-Day Test, he finished in 7th place from a field of 32 stallions with an overall index of 115. He showed equal aptitude for dressage and jumping.

Hunter competed in both dressage and jumping during 2003, his first year in the USA. His average score at training level was 68% with his amateur rider and he qualified easily for the regional championships. At the USDF Championships show he finished in 6th place from a class of the 30 best horses in Region 7. He also ended the year in 3rd place at Training Level in the National Horse of the Year standings. In 2005 he was shown lightly in jumping competitions, winning at the 3'6" level and also competed at 2nd level dressage.

Hunter's grand-dam, Atlanta X, is a full sister to the outstanding stallion, Lord Liberty, who only stood at stud for 4 years, but whose offspring have amassed winnings exceeding \$1.8 million.
