Mare approval by video

You would like to approve your mare with the Holsteiner Verband and don't have the possibility to travel to one of the inspection sites? A digital approval of your mare is also possible.

The mare should be turned out accordingly and presented in a bridle. The mare should be allowed to relax the neck in a level position when standing.

1. Please record the following video sequences of the mare:

- standing (in hand; all four sides)
- walk (in hand; preferably on hard level ground) straight away from you and back towards you
- walk (in hand; side view both directions)
- trot (free movement; both directions)
- canter (free movement; both directions)

2. Please provide us with the following information about the mare

- name
- height at withers standing on hard level ground

Please send the videos and information to one of the e-mail addresses mentioned above. If the file is larger than 50 MB, please send the data to us via the following link:
<https://wetransfer.com/>

Our breeding director Stephan Haarhof will approve the mare on the basis of the videos you send us.

When your mare has been approved you will receive a sticker with her marks in the mail. Instructions on how to stick it in her passport are included.
