

## Online Foal Report

With the new member area Holsteiner Online you have the possibility to report the birth of your foals online. This works as follows:

**Step 1:** On the website [www.holsteiner-verband.de](http://www.holsteiner-verband.de) you can access the "Menu" tab to the member area

**Step 2:** Once you have successfully logged in with your membership number and password, the individual modules of the system will be displayed. Under "My horses", clicking on "Covered mares" will take you to a list of all mares for which coverings from 2023 have been reported.

**Step 3:** If a covering has been recorded, the foal born can be reported online with the necessary details using the "register a birth" button. Please do also report if no foal was born or if the mare was barren.

The screenshot shows the 'Holsteiner Online' web interface. At the top left is the 'HOLSTEINER VERBAND' logo. The main header reads 'Holsteiner Online' with the subtitle 'Covered mares'. A navigation bar contains 'My horses' and 'My activities' with a home icon, and a user profile icon with a dropdown arrow. The main content area displays a mare's profile for 'B-Estelle (Holst)'. It includes a silhouette of a horse's head, the mare's name, and her pedigree: 'sire: Casall (Holst)' and 'dam: Pia Estelle (Holst)'. To the right, there are fields for birth date ('\* 25.06.2009'), identification number ('DE 421000177509'), and color ('Chestnut'). A 'Documents' dropdown menu is visible, with buttons for 'enter entry' and 'Activate for breeding'. Below the profile, a row of icons represents different horse-related actions. At the bottom, a section indicates the mare was 'Covered on 28.06.2023 by Vigado (Holst)' with a corresponding button.
